MAVINE BRENDA ATIENO

Customer Care Representative | Public Health Officer

PROFESSIONAL PROFILE

Professional with a Bachelor's Degree in Community Health and experience in NGO programming, entrepreneurship facilitation and administrative customer support in the telecommunications sector. Practical experience in community engagement, entrepreneurship training, client relationship management, business development support and customer complaint resolution.

Proven ability to adhere to service level agreements, meet KPI standards, maintain accurate records, respond effectively to client inquiries and build strong customer relations and satisfaction. Comfortable in fast-paced environments while maintaining professionalism, confidentiality and effective communication with customers and colleagues. Strong understanding of community health principles, health promotion, disease prevention, community diagnosis and engagement. Brings professionalism, empathy, adaptability and a commitment to delivering quality services.

CORE COMPETENCIES

- Community health and health promotion
- Entrepreneurship training and facilitation
- Community mobilisation and development
- NGO program implementation support
- Customer service and client relationship management
- Small business development support
- Training delivery and group certification
- Data collection and record management
- Teamwork and collaboration
- Client education and empowerment
- Confidentiality and professional ethics

PROFESSIONAL EXPERIENCE

Lead Customer Care Representative **May 2024 – Present**

VTL Telecom Company • Nairobi, Kenya

- Serve as the immediate contact point for clients, creating a professional welcome and building client trust in the company.
- Coordinate incoming calls, emails, messages and inquiries, ensuring quick resolutions and timely responses.
- Manage customer appointments, reservations and walk-in clients while ensuring efficient service delivery.
- Work closely with internal staff to ensure smooth communication between departments.

- Support daily administrative operations, including preparing personal and team reports and coordinating routine office activities.
- Assist with office coordination by monitoring supplies and supporting daily operational requirements.

Key Achievements

- Grew installations and retention to more than 70%, the highest percentage achieved in the company in the last six years.
- Handle the most complicated troubleshooting cases for the team, significantly reducing Service Level Agreement (SLA) times and consistently exceeding Key Performance Indicators (KPIs).

Entrepreneurship Facilitator

Oct 2021 – May 2023

World Vision – Tumikia Mtoto DREAMS Program • Dandora, Nairobi

- Facilitated entrepreneurship training and capacity-building sessions for community members, aspiring entrepreneurs, and adolescent girls and young women running small businesses.
- Supported participants in developing business ideas, preparing business plans and identifying business opportunities for income generation.
- Trained participants in basic business management, budgeting, financial literacy, record keeping and marketing.
- Collected participant information, maintained program records and prepared activity reports for program monitoring.
- Identified participant challenges and referred relevant issues to the appropriate program staff for support.

Key Achievements

- Trained more than 1,000 entrepreneurs within 1 year and 7 months, with over 500 participants going on to start their own small businesses.
- Through the organisation's Ajira program, participants received business start-up capital and free Samsung phones to market and advertise their products.
- With the training, phones and capital provided, several participants achieved strong profits that led to business expansion.

EDUCATION

Bachelor's Degree in Community Health

2021

University of Embu

Relevant Coursework

- Community health assessment and health promotion
- Epidemiology and public health principles
- Environmental and occupational health
